

Year 2 Summer 2 Human and Physical Geography

Human and physical features are things that you can see all around you.

Physical features like seas, mountains and rivers are natural. They would be here even if there were no people around.

Human features like houses, roads and bridges are things that have been built by people.

NC LINKS:

- Understand similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non-European country
- Use basic geographical vocabulary to refer to: key physical features and key human features.
